The screenshot displays the IBM Cloud Dashboard interface. At the top, a browser window shows the URL 'cloud.ibm.com' and several open tabs including 'Your IBM Cloud verification code', 'Chat with mentor', 'Obtain an IBM Cloud Feature Co...', and 'IBM Cloud'. The dashboard header includes a 'Skip to content' link, a search bar, and navigation links for 'Catalog', 'Manage', and the user profile 'MOHANPRASATH A's A...'. A 'Create resource' button is prominently displayed in blue. The main content area is titled 'Dashboard' and features a 'For you' section with six recommended actions: 'Build' (Explore IBM Cloud with this selection of easy starter tutorials and services), 'Monitor your resources' (Get visibility into the performance and health of your resources), 'Db2' (Get enterprise-level OLTP performance, 99.99% uptime SLA, automatic backups, compliance options and encryption at rest with Db2), 'Build a virtual machine' (Lift and shift your VMware workloads to the IBM Cloud), 'Get Started with Watson Studio' (Get started with using AI and Cloud Object Storage in 15 minutes), and 'Use Streaming Analytics' (Analyze a broad range of streaming text, video, audio, geospatial and sensor data in real-time with IBM Streaming Analytics). Each action card includes a 'Getting started' or 'Popular' button and a time estimate. Below the 'For you' section, there are four more sections: 'News' (Announcing IBM Cloud Pak for Network Automation Version 2.4, No Prerequisites for IBM Cloud Certifications, IBM Tech Now: October 24, 2022, Event Streams Adds Value to Kafka), 'Recent support cases', 'Planned maintenance', and 'IBM Cloud status' (featuring a world map). A 'View all' link is present for each of these sections. The URL 'https://cloud.ibm.com/#main-content' is visible in the bottom left corner.
